

Description	Start date
Collect Arabic data with Tashkeel	25-Jul
Test Mbrola tools	42583
Split each file to sentence	9/1/2016
Remove tashkeel and samples from the sentences	10/1/2016
Do Modawwana code	10/15/2016
Improve the Modawwana code	11/2/2016
Run the files in the Modawwana code	11/10/2016
Do frequency code	12/1/2016
Run the files in frequency code	12/9/2016
Calculate the number of occurrence of two words with each other	1/1/2017
Python code	1/15/2017
Python database	2/1/2017
Update Naïve base code	3/1/2017
Update Modawana word code	3/15/2017
Update Modawana char code	3/17/2017
Add indexing to all DB	4/1/2017
Add new data to frequency char DB(2-2)	4/1/2017
Add new data to frequency word DB(2-2)	4/1/2017
Add new data to frequency char DB(2-1)	4/1/2017
Add new data to frequency word DB(2-1)	4/1/2017
Add new data to frequency char DB(1-3)	4/1/2017
Add new data to frequency word DB(1-3)	4/1/2017
Add new data to frequency char DB(3-3)	4/1/2017
Add new data to frequency word DB(3-3)	4/1/2017
Add new data to Modawana char DB	4/5/2017
Add new data to Modawana word DB	4/5/2017
Ge the accuracy to each window	5/20/2017
Get the statistics to each data base	6/1/2017
Make the model code to read from DB	5/1/2015
Make the model code to write to DB	5/1/2017
Make simple website	6/15/2017
